Orange, TX Swamp, River Boat Tour Join the trip in a fast, quiet, and shaded boat to see the wildlife. Enter a wilderness once ruled by pirates, outlaws, and cannibals. Learn about the biodiversity and ecology of our Texas and Louisiana habitat on our guided tour and view soaring eagles, alligators, and the beautiful flora and fauna of the swamp.

Shangri-La Botanical Garden and Nature Center is a 252-acre world-class facility with over 300 types of plants and a wide variety of wildlife. Shangri La contains a mixed deciduous forest, cypress tupelo swamp, wetlands, and a large lake. It is the first project in Texas and the 50th project in the world to earn the U.S. Green Building Council's Platinum certification for LEED-NC; the design and construction of Shangri La reached the highest green building and performance measures.
